About Me

A quick learner looking for grounding experience. Consistently programming and designing as a hobby for several years.

Education

Holy Names High School (2019-)

Available

9AM-11PM all days

Experience: Programming

Many small contract jobs on websites such as bountify.co. Comfortable talking with clients to better understand their needs. (2020-)

Experience: 3D Printing

The Frosted Cookie Boutique (2021-)

3D modelled & printed cookie cutters for family business

Personal projects (2021-)

3D modelled & printed various parts for personal use, with a good working knowledge of the technology's strengths and limitations.

Awards

MasseyHacks (2020)

Programming competition, won New Team Award

Tell Your Story (2019)

Writing competition, first place
